

TICOR TITLE VACANT LAND

Due to the high rise of fraudsters attempting to divert funds we are now requiring funds to be wired for cash purchases of vacant land. Effective immediately, only wire transfers can be accepted for cash purchases of a vacant lot intended for a residence. This does not apply to large vacant land intended for commercial use or vacant lot take downs by a builder from a developer. Escrow Officers cannot accept personal checks, Official Checks, Cashier's Checks or any other instrument other than a wire transfer.

Here are just a few ways we work to make your closing as seamless as possible.

- **startSafe is a complete Digital Opening Package, including support for digital signatures**
- **TicorExpress is available for 24/7 Property Profiles**

Please contact your Escrow Officer or Sales Executive for any questions or specific requests so we can help accommodate.

Thank you from all of us at Ticor Title!
